

MARIA E JARAMILLO

DMD – PROSTHODONTIST

PROFILE

Highly dedicated, motivated and passionate international dentist with over nine years of experience in the dental field, specializing in prosthodontics.

Heavily experienced in performing comprehensive dental exams, diagnosing oral health issues and delivering effective treatment plans.

Dentistry, for me is more than a “job” or a “career”; it's my life mission to design and return a smile to those in need, a priority and goal I hold dear. This is my mission – this is my motto!

WORK EXPERIENCE

Phillip Dental Implant & Cosmetic Center - Dental Assistant

2024– Present | Freehold, NJ

As a dental assistant I play a crucial role, supporting both the dentist and the patients.

- Preparing patients for dental procedures.
- Taking dental impressions and assisting with dental x-rays.
- Sterilizing and preparing dental instruments.
- Assisting the dentist during dental treatments and surgeries.
- Managing patient records and dental charts.
- Handling and disposing of dental waste materials safely.
- Educating patients about oral hygiene and post-operative care.
- Communicating effectively with patients and the dental team.

Quality Dental - Head of Prosthodontics/Consultant

2020 – Present | Guayaquil - Ecuador

My responsibility as head of prosthodontics; I managed, supervised and practiced general dentistry as well as providing treatment plan for partial and full- mouth restorations. Fixed, removable over implants or dental. I designed removable partial denture and smile designs. I provide professional advice, diagnose, design for removable partial denture, smile design and treatment planning for patients.

Universidad Católica de Santiago de Guayaquil – Dentistry Professor

2022 – 2023 | Guayaquil - Ecuador

In my role as a dentistry professor, I taught undergraduate courses such as: Occlusion, fixed prosthesis I and II, comprehensive clinic II and III, smile design, aesthetic dentistry and I also served as thesis tutor.

Dentalis – Senior Prosthodontist

2021 – 2023 | Guayaquil - Ecuador

As a senior prosthodontist, my primary role was to restore the function, comfort, and aesthetics of patients' oral health, often addressing complex dental and facial issues.

- Conducting thorough examinations using X-rays and dental instruments.
- Diagnosing dental conditions and developing comprehensive treatment plans.
- Designing, fabricating, and fitting dental prostheses such as dentures, crowns, bridges, and veneers.
- Educating patients on proper oral hygiene and care of prosthetic devices.
- Addressing patient concerns and providing post-operative care instructions.
- Working closely with dental technicians to ensure the accurate creation of prosthetic devices.
- Collaborating with other dental and healthcare specialists to develop suitable treatment plans.
- Performing adjustments, repairs, and maintenance of dental prostheses.
- Treating temporomandibular disorders and other issues related to damaged or problematic teeth.

MARIA E JARAMILLO

DMD – PROSTHODONTIST

WORK EXPERIENCE

Quality Dental – Dentist

2016 – 2017 | Guayaquil - Ecuador

As a Dentist, I was responsible for a variety of tasks to ensure patients receive comprehensive dental care. Key responsibilities:

- Conducting thorough dental examinations, diagnosing oral health issues, and creating treatment plans.
- Performing routine dental procedures such as fillings, crowns, extractions, root canals, and cleanings.
- Educating patients on maintaining good oral hygiene and providing aftercare instructions following treatments.
- Working alongside dental hygienists, assistants, and other staff to ensure efficient and effective patient care.
- Emergency Care: Providing emergency dental care for acute issues such as toothaches, infections, or trauma.
- Maintaining accurate patient records and documenting treatments and progress.
